

“God is forever being born, but if the Divine birth is to shine with Reality and Purity, it must come flooding up and out of man from God within him”
Meister Eckhart

Dear Members and Friends of ACT

Once upon a time a child was born who could change the world. Within this child was a divine spark, a Presence which we know as the Christ. You are that child!

The Holy Season has us pause to remember the life of the One who, 2000 years ago, discovered the Christ within and left us with the powerful message that the same Presence dwells within each and everyone of us, awaiting our recognition and celebration.

Over the next few weeks we may hear this question many times: “Are you ready for Christmas?” If we have thought that our readiness depends on our completing our shopping or on our readiness in any other outer area of preparation, let us change that thought. The determining factor in our readiness for Christmas is our willingness to offer our hearts as the birthplace of the Christ. Services are being planned to help us respond to this meaning of the Holy Season.

Beginning on 28th November and culminating with a special service on 19th December, the four-week Season of Advent, which has to do with a journey of personal preparation for the birth of Christ, will be observed at our Sunday morning meetings.

On Christmas Day, Saturday 25th December, at 9 am we will celebrate our true identity with our traditional “Communion of Lights”.
